We offer several styles of service:

- **Stationary Hors d'Oeuvres** - Plated hors d'Oeuvres make food easily accessible for guests and can be a component of a larger dining experience or the only service style throughout the event.
- **Passed Hors d'Oeuvres** - hors d'Oeuvres add an extra touch of service for your guests and can serve as either part of a cocktail hour or a component of an entire hors d'oeuvres reception.
- **Action Stations** - Entice and entertain your guests with a chef-staffed action station, which is an interactive way to creatively present foods cooked to order.
- **Buffet Meals** - A popular service style, this economical option allows your guests to choose from a range of dishes and select their meal of choice.
- **Family Style Meals** - A unique alternative to the plated meal, family-style service involves larger dishes of entrées and sides placed on each table for all guests to share.
- **Plated Meals** - Typically reserved for the most formal weddings, this service style allows your guests to be completely pampered with seated table service. Choosing this option also requires you to have more personnel on staff to accommodate dining needs, since all food and beverage service is delivered to your seated guests.

Beverage Service – All meals will include your choice of tea or lemonade as well as water for your guests. Coffee can also be provided at an additional charge. We can also provide bartenders for your event, assist you with obtaining proper ABC permits for your wedding and also determine the proper amount of alcohol that should be obtained.

Servers and Staff – The number of servers and kitchen staff required for your event will be based on the style of service you choose and the number of guests that will be present. As a rule of thumb, for buffets we require 1 server per 50 guests and for plated and family style meals, 1 server per 15 guests.

Taxes, Fees, Etc. – 5% state tax will be added to all invoices as well as a 15% service charge which covers set-up & breakdown of catered food and beverage delivery, all equipment including elegant plastic tableware, linens for food tables, décor and cake cutting service.

Additional Services Available – We are a Full-Service Event Design Company and can assist you with your wedding from beginning to end! We can also assist you with event rentals, décor and much more. Please inquire about these additional services.

**Dinners include choice of salad, starch, vegetable, bread & butter, iced tea or lemonade and water.
